

Formal recommendation for independent contractors

Subject: Exceptional IT Consultant Recommendation

Dear Ms. Anderson,

I understand from our recent meeting that your company is seeking an experienced IT consultant for your digital transformation project. I am pleased to recommend James Patterson, an independent consultant who has provided outstanding services to our organization.

James worked with us for eight months on a comprehensive system migration project. His technical expertise, particularly in cloud infrastructure and cybersecurity, proved invaluable during this critical transition. He successfully migrated our entire operation to the cloud with zero downtime and implemented security protocols that exceeded industry standards.

What impressed me most about James is his ability to explain complex technical concepts in business terms. This made it possible for our leadership team to make informed decisions throughout the project. His documentation and training materials were thorough and professional.

James consistently demonstrated reliability, professionalism, and integrity. He completed the project on time and 15% under budget while delivering results that surpassed our expectations. His post-project support has been exemplary.

I recommend James Patterson without hesitation. He can be reached at james.patterson.it@email.com or (555) 789-1234.

Please feel free to contact me if you need additional details about his work with our organization.

Best regards,

Susan Clark

IT Director

Metropolitan Financial Services
