

Car Booking Cancellation Letter

Dear [Car Agency Name],

I have previously made a booking for a [car name and type] and would like to cancel it due to [state the reason]. My booking number is [car booking number]. Enclosed with this [letter/email] are copied of the booking details and the receipt for your reference.

I am not familiar with the cancellation process, so please advise me if I need to fill some form or if there is some other formality.

As per your policy, there are no cancellation charges if I cancel [one week] prior to the booking date, so I kindly ask you to refund my deposit in full.

Please revert back to me and confirm that my booking has been cancelled. I surely welcome a future opportunity to book one of your cars and I regret that this has happened as much as you do.

Sincerely,
