

Emotional termination of business partnership

Subject: Termination of Business Partnership

Dear [Partner's Name],

This was not an easy letter to write, but after much thought, I have decided to formally terminate our business partnership effective [Date]. This decision is based on differences in vision and direction that have become increasingly difficult to reconcile.

I want to express my gratitude for the time, effort, and trust we have shared in this partnership. It has been a valuable journey, and I will always respect the accomplishments we achieved together.

Please let's work towards a smooth and respectful dissolution of all joint responsibilities. I hope we can part on amicable terms.

Warm regards,

[Your Name]
