

Creative and engaging inquiry email

Subject: Curious About Your [Product Name]

Hi [Supplier's First Name],

I stumbled upon your [Product Name] and I have to say it caught my attention right away. I'm seriously considering placing an order, but before I do, I'd love to know a few details: price, delivery time, and whether you offer any bundle deals.

If you've got a product catalog or a special offer, don't hold back! I'd be thrilled to see it. Looking forward to starting something exciting with your team.

Warm regards,

[Your First Name]
