## Lighthearted recommendation

Subject: You'd Be Lucky to Have [Friend's Name]!

Hey [Recipient's Name],

I'm writing to recommend my friend [Friend's Name]. Not only are they ridiculously smart and hardworking, but they also know how to make everyone around them laughâ€"something I think any team could use more of!

They may not make the best coffee, but I promise you'II get someone who is reliable, talented, and always willing to go the extra mile.

Hire them before someone else doesâ€"you won't regret it!

Cheers,

[Your Name]
