

Last-Minute Wedding Acceptance Email Template

Subject: Last-Minute YES to Your Wedding!

Dear [Names],

I just received your wedding invitation and I know this is short notice, but I absolutely want to be there for your special day on [Date]!

I understand you might have already finalized numbers with your venue and caterer, so please don't feel any pressure to accommodate me if it creates complications. But if there's still room, I would be honored to celebrate with you.

I can be flexible with seating arrangements and am happy to help in any way that makes things easier for you both.

Congratulations and hoping to see you soon!

[Your Name]
